Vision

Sharing Christ's love with each child as we recognize that all children are God's unique creation.

Mission Statement

The mission of Austin Baptist Church Little Lights Preschool, is to provide opportunities to develop the whole child. Our goal is to help our children learn, grow, and develop while helping them to meet their developmental milestones. Our focus will be on social/emotional learning, language and communication, cognitive skills, and movement/physical development. We will help guide children in building relational skills with responsibility and respect for self and others. We partner with parents to raise their little ones to know and serve the Lord while laying a foundation for the love of learning. We aim to provide a safe, healthy, nurturing environment where preschoolers will know that God loves them. Our trained and creative teachers are honored to be a part of teaching the next generation.
